Part_1_Making EC2_Instance

August 24, 2016

Getting Started with Amazon Web Services (AWS) EC2
Follow Along on youtube: https://www.youtube.com/watch?v=3KHI5mBV8MY

1) Go to Amazon Web Services' Website.
   https://aws.amazon.com

2) Sign in if you have account, if not make one

3) Press EC2

4) Launch Instance

5) Select Ubuntu

6) Select Free Tier t2 micro

7) Configure Instance Details

8) Add Storage if you need it

9) Add a tag if you want to

10) Launch your instance

11) Create a key pair and make sure to save it somewhere safe. You wont be able to replace it.

12) Launch the instance and now you have your own EC2 instance

Part 2 is how to ssh into your instance: https://www.youtube.com/watch?v=l53QjtPvF_A
